

BALENCEA

ST KILDA ROAD MELBOURNE

Andrew Gowan.
Best Practice Lighting.

July 26th, 2018

Dear Andrew,

The Committee of Management and the Building Management of Balencea would like to acknowledge and thank you for your assistance during our recent planned power outage.

The battery powered temporary lighting you were able to deliver at short notice and at no charge was extremely helpful providing emergency lighting to our darkened hallways and stairwells, making it much safer for our residents during the 8 hour blackout. This spirit of cooperation has reinforced why Best Practice Lighting is our longstanding supplier of choice and valued partner for all our lighting needs.

Kind Regards,

Harry Bayer

Balencea Building Manager
